FROM: CITY MANAGER
SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING AN ADDITIONAL PURCHASE ORDER WITH LAGUNA OVERHEAD LTD (DBA PRECISION DOOR SERVICE) FOR COMPTON FIRE DEPARTMENT

SUMMARY

This resolution authorizes the City Manager to establish a purchase order for $2,035.91 with Laguna Overhead (DBA Precision Door Service) for a safety feature that has been added to the original order. The original order consisted of 6 roll-up doors and 1 garage door installed with new motors and door tracks in the amount of $24,282.00.

BACKGROUND

Laguna Overhead (DBA Precision Door Service) has recently installed 7 new doors for the Fire Department. However, the doors were installed without a safety feature; this feature will provide an added safe guard to the roll-up doors by allowing the roll-up doors to reverse their travel of direction if contact is made with the fire apparatus.

STATEMENT OF ISSUE

Laguna Overhead (DBA Precision Door Service) has replaced the Fire Department's old roll-up Doors. Therefore, this action will reduce the Department’s maintenance of the roll-up doors in the fire station. Since the expenditure for the additional parts and labor shall cause the total to exceed the $25,000 threshold, counsel approval is needed.

FISCAL IMPACT

There is no further impact to the budget. Funds for this purchase are allocated in account 1001-690-000-4230 of the fiscal year’s 2007-08 budget.

RECOMMENDATION

Staff recommends that Council approve the attached resolution.

WHEREAS, the additional purchase order will raise the total amount exceeding the $25,000 threshold and Council approval is needed; and

WHEREAS, the funds have been allocated in the Compton Fire Department’s repair and maintenance account for 2007-08 Fiscal Year Budget for these purchases.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COMPTON DOES HEREBY RESOLVE AS FOLLOWS:

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING A PURCHASE ORDER WITH PATTEN ENERGY INC. TO PROVIDE DIESEL FUEL AND MOTOR OILS FOR THE COMPTON FIRE DEPARTMENT

SUMMARY

This resolution authorizes the City Manager to establish a purchase order for $45,000.00 with Patten Energy Inc to purchase diesel fuel, motor oil, transmission fluids and radiator coolant.

BACKGROUND

Provision and replacement of diesel fuel, motor oils, transmission oils, and radiator coolant is essential to the everyday response of fire apparatus. The purchase will allow Fire Department personnel to perform their daily duties.

STATEMENT OF ISSUE

Patten Energy Inc, is the area’s distributor of diesel fuel, radiator coolant and transmission fluid. The City’s Public Works Department has determined that Patten Energy’s prices and services are superior to other vendors who provide like products. Our current inventory of diesel fuel has been depleted; therefore, a new purchase order must be established for the purpose of replenishment.

FISCAL IMPACT

There is no further impact to the budget. Funds for this purchase are allocated in account 1001-690-000-4229 of the fiscal year’s 2007-08 budget.

TO: MAYOR AND CITY COUNCIL
FROM: CITY MANAGER
SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON APPROVING A SALARY ADJUSTMENT FOR THE CLASSIFICATIONS OF INFORMATION SYSTEMS MANAGER AND INFORMATION SYSTEMS ENGINEER/ADMINISTRATOR

BACKGROUND

Resolution Number 22,179, adopted by City Council on December 19, 2006 approved amendments to the position classification plan and established salaries for the Information Systems Director and Information Systems Engineer/Administrator.

STATEMENT OF PROBLEM

Pursuant to a settlement agreement dated May 9, 1989 between the Service Employees’ International Union, AFL-CIO, Local 347, etc. et al v. City of Compton, etc al, salaries adopted into the City’s position classification plan must be equal to positions performing similar duties as those in the unclassified service. Section 2.3 states that the City agrees, upon receipt of this fully executed agreement, to implement the following procedures relating to personnel administration.

Section 2.3.6 specifically states “Whenever an unclassified position is paid at a higher salary range than an identical classified position, the classified position shall be paid at the higher salary range.” The unclassified position of Network Administrator performs identical duties to that of the classified position of Information Systems Engineer/Administrator, therefore, the salary for the Information Systems Engineer/Administrator must be adjusted to reflect the equivalent salary of the Network Administrator.

The Information Systems Manager’s salary should also be adjusted accordingly.

FINANCIAL IMPACT

The adoption of this resolution will not have a financial impact on the City’s 2007 – 2008 fiscal year budget due to salary savings from vacant positions.
# 7.

**RECOMMENDATION**

It is recommended that the City Council adopt the attached resolution to approve the salary adjustment for the classification of Information Systems Engineer/Administrator.

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON ACCEPTING THE PALMER STREET AND WILLOW AVENUE INTERSECTION TRAFFIC SIGNAL PROJECT COMPLETED BY CHRISTOPHER R. MORALES, INC. (CIP #06-07)

SUMMARY

This resolution will accept the improvement for the Palmer Street and Willow Avenue Traffic Signal Installation Project (CIP# 06-07) and provide funds for construction support.

BACKGROUND

This intersection is bordered by a church and school facilities, and has high intensity of pedestrian use. This project installed a new traffic signal at Palmer Street and Willow Avenue where previously only stop signs existed. The contract was awarded in the latter part of 2006; however, due to a high demand for traffic signal material, the poles and associated equipment were not available for at least four months. Due to this material waiting period, the contractor requested and received a time extension on the contract. The work was completed in May of this year. The administrative and financial parts of the contract were complete in October 2007.

FISCAL IMPACT

This bid was from Christopher Morales Inc. of City of Industry, California for an amount of $177,177.00. Changes to the contract amounted to a credit to the City of $630.00 for the removal of a power pole that was accomplished by the power company. The final total contract amount is $176,547.00.

Funding for this project was secured from Community Development Block Grant (CDBG) funds. Project management was provided by the construction management firm CMTS, Inc, pursuant to an existing contract.

Amounts are shown below:

Funds Available: $192,300

Expenses:
Construction $176,547
Construction Management & Inspection $15,753
RECOMMENDATION

Staff recommends that the City Council:

1. Accept the improvements and authorize the retention payment to Christopher R. Morales, Inc.
2. Allocate funds in the amount of $15,753 for construction management and inspection.
3. Appropriate construction management funds to CMTS, Inc for project support.

How did DAMAGE or INJURY occur? Give Full Particulars

On the evening of 1/10/2007, I was traveling southbound on Compton Avenue in my 2005 Mazda 6 Sedan. A major street road hazard (Pot Hole) was encountered while I was driving down the normal path of the street. Upon immediate contact with the road hazard/pot hole my front left Michelin tire was completely destroyed due to impact. I was then forced to purchase a new tire immediately due to the hazard. The cost of the 1st tire was $227.20. In addition, my left rear and right rear were also damaged from impact but not completely destroyed at the time of the incident. Subsequently, on 3/19/07, I noticed on the right rear and left front Michalina tires the appearance of several unsafe side tire wall bubbles. On April 11, it was reported to me by LB Mazda the 2 damaged tires we completely unsafe due to the 1/10/07 road hazard incident. It then became necessary to purchase 2 additional new tire due to the hazard damage. The cost of the 2nd & 3rd tire was $458.40.

Compton Street Maintenance Unit was negligent in monitoring the Compton Avenue area for damaged roadways. I reported the extremely hazardous road condition and situation to the City of Compton immediately. Temporary repairs were noticed to the damaged roadway approximately several weeks later, February 2007. As of 5/14/2007, Compton Ave. has not been completely repaired to code and numerous road hazards are visible.

Give total amount of claim. (Include estimate amount of any prospective injury(s) or damage(s).

$695.60 (Six Hundred Eighty Five Dollars and .60/100)

Goodyear Invoice #173304 $227.20 1st Replacement Tire
LB Mazda Invoice C15112 $458.40 2nd & 3rd Repl. Tires

Claim amount includes the total replacement cost of 3 Michelin Tires:

How was amount of claim computed? (Be specific, list doctor bill, wages, rates, repair estimate, etc)

(PLEASE ATTACH 3 ESTIMATES)

Actual cost to replace invoices attached - Goodyear #173304 $227.20
Actual cost to replace invoices attached - LB Mazda #C15112 $458.40

The damaged Michelin tires estimated life is approx. 8 yrs or 79K miles. I was confirmed by the tire dealer, the tire(s) damage was definitely caused by the street road hazard and was not a manufacturer defect.

#### Effective Rate of Return

- **Current Year**: 4.55%
- **Average Daily Balance**: 4.86%

I certify that this report accurately reflects all pooled investments and is in conformity with the investment policy statement adopted by the City Council on July 24, 2007. (Gov Code 53646(b)(3)) The quarterly investment report must state the ability of the Agency to meet its expenditure requirements for the next six months or provide an explanation of why sufficient cash funds may or may not be available. The investment program may not provide sufficient cash flow liquidity to meet six months estimated expenditures. On December 20, 2007 the City received one of its major revenue sources, property tax of over $9 million, in a little over two weeks all $9 million was spent. The influx of this revenue is supposed to at least last until April 20, 2008, when the next major property tax revenue is received. The $1.4 Million reimbursement from the State for highway construction cost is 60 days overdue and is depleting the General City Cashflow. On January 20, 2008 property tax revenue and the quarterly DMV fee has helped the General City Cash flow. The City is spending more that it receives. The pricing of securities is done by Union Bank of California and interactive Data Services. Moodys Investor Services rates the Manage Pool Accounts AAA.
