SUMMARY

This resolution authorizes the City Manager or his designee to amend the Workforce Investment Act (WIA) Youth Program budget to accept additional program funding of $22,025 for Fiscal Year 2008-09. SUBJECT:        A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING THE CITY MANAGER TO ESTABLISH A PURCHASE ORDER FOR PREVENTIVE MAINTENANCE WITH SOUTH COAST EMERGENCY VEHICLE SERVICE FOR ROUTINE MAINTENANCE AND REPAIR ON CITY FIRE APPARATUS

SUMMARY

This resolution authorizes the City Manager to establish a purchase order in the amount of $20,000.00 with South Coast Emergency Vehicle Repair to repair and provide replacement parts for our heavy vehicles.

BACKGROUND

Repair and replacement of worn and inoperable parts is essential to everyday response of fire apparatus. The purchase order will allow fire department personnel to perform their daily duties.

STATEMENT OF ISSUE

South Coast Emergency Vehicle Repair is the area’s service representative for heavy fire apparatus vehicles. Our current compliment of fire apparatus is in constant need of service and preventive maintenance. We requested that three (3) fleet service providers submit their shop prices to us. Two providers responded (California Seagrave and South Coast Emergency Vehicle Service) and the third did not. South Coast provided the lower quote and the most comprehensive efficient and effective service plan.

FISCAL IMPACT

There is no further impact to the budget. Funds for this purchase are allocated in account 10016900004229 of the Compton Fire Department’s Fiscal Years 2008-09 budget.

RESOLUTION NO. ______________

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON AUTHORIZING THE CITY MANAGER TO ESTABLISH A PURCHASE ORDER FOR PREVENTIVE MAINTENANCE WITH SOUTH COAST EMERGENCY VEHICLE SERVICE FOR ROUTINE MAINTENANCE AND REPAIR ON CITY FIRE APPARATUS

WHEREAS, our fire apparatus occasionally needs mechanical and pump repair, secondary to emergency and non-emergent operations; and

WHEREAS, routine maintenance and repairs, such as oil changes and brake service, is essential to everyday responses of fire apparatus; and

WHEREAS, we requested bids from three (3) fleet service providers, with two (2) responding. South Coast Emergency Vehicle Service provided the lower and most comprehensive service plan. This actually works to our benefit. They are the official fleet service center that provides maintenance and repair services in California for Pierce Manufacturing, which actually crafted our vehicles. Therefore, South Coast Emergency Vehicle Service has excellent knowledge of our apparatus.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COMPTON DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. That the City Manager is authorized to establish a purchase order with South Coast Emergency Vehicle Service to provide routine maintenance for City fire apparatus.

SECTION 2. That a purchase order shall be issued to South Coast Emergency Vehicle Service in the amount not to exceed Twenty Thousand Dollars and No Cents ($20,000).

TO: MAYOR AND CITY COUNCIL

FROM: CITY MANAGER

SUBJECT: RESOLUTION AMENDING THE PUBLIC WORKS DEPARTMENT’S 2008-2009 FISCAL YEAR BUDGET, AND AUTHORIZING THE CITY MANAGER TO AMEND THE PROFESSIONAL SERVICES AGREEMENT WITH SATISH CHANDER AND ISSUE A SUPPLEMENTAL PURCHASE ORDER.

SUMMARY

It is recommended that the City Council authorize the City Manager to amend the current professional services agreement with Satish Chander and issue a supplemental purchase order for professional services administering transportation related capital projects.

BACKGROUND AND STATEMENT OF THE ISSUE

The Public Works Department has the need for an experienced capital project administrator to program capital funds, expedite project approval by funding agencies, and obtain reimbursement on transportation-related projects in the City’s Capital Improvement Program.

Since 2004, Mr. Satish Chander has performed financial services for the City of Compton on capital projects. He has performed in an exceptional manner, and his services are still needed. During this past year, he has programmed over $7,000,000 of Capital Funds and has been tasked to assume the critical role of obtaining capital funding reimbursements from sponsoring agencies.

Mr. Chander previously worked for Caltrans for 34 years, reviewing local agency projects for conformance with funding requirements. He continues to train local agency staff throughout California, and his contacts and expertise have been extremely valuable to the City in managing transportation-related projects.

Mr. Chander’s expertise is still needed, as the City continues to implement previously-funded projects. He is also assisting staff in obtaining economic stimulus funds, and preparing for MTA’s upcoming 2009 Call for Projects.
Resolution No. 22,657, adopted by the City Council on July 29, 2008, authorized the extension of the agreement with Mr. Chander and a purchase order in the amount of $95,000.00. However, the funds are nearly exhausted, thus necessitating issuance of a supplemental purchase order to complete his services through the end of the Fiscal Year.

**FINANCIAL IMPACT**

Thirty Thousand Dollars ($30,000) shall be transferred from personnel accounts to professional services accounts, which constitutes a budget amendment.

**RECOMMENDATION**

It is recommended that City Council approve the attached resolution.

WHEREAS, the City has the need for an experienced capital project administrator to program funds, expedite approval, and obtain reimbursement for various capital projects in the City’s Capital Improvement Program and has authorized the City Manager to extend the existing professional services agreement with Satish Chander to continue providing these services for the City of Compton; and

WHEREAS, a contract extending Mr. Satish Chander professional services for Fiscal Year 2008-2009 (July 1, 2008 to June 30, 2009), was executed in accordance with Resolution No. 22,657; and

WHEREAS, Mr. Chander has assisted the City in obtaining reimbursement of over Seven Million Dollars ($7,000,000) of capital funds for the City and continues to perform in an excellent manner for the City; and

WHEREAS, the purchase order issued for payment for Mr. Chander’s services for this Fiscal Year is almost exhausted and the Public Works Department needs authorization to issue a supplemental one.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COMPTON DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. That the City Manager is authorized to amend the current agreement with Satish Chander to provide for additional compensation for the remainder of the Fiscal Year and issue a supplemental purchase order at a rate of one-hundred dollars an hour for an amount not to exceed Thirty Thousand Dollars ($30,000.00).

SUMMARY

Council will consider the claim of Automotive Rentals, Inc. (“ARI”) (Claim No. I-8227), presented to the City on March 23, 2008, pursuant to Govt. Code §§ 915, 912.4(a), and 912.6(a).

BACKGROUND

On March 23, 2008, ARI filed a claim against the City for damages to its vehicle which it allegedly sustained on September 27, 2009, when the driver of its vehicle, Jesus Sarria, was involved in an automobile accident at the intersection of Grandee Avenue and 134th Street. Mr. Sarria ran a stop sign and broadsided another vehicle. Mr. Sarria contends that the stop sign was hidden by an overgrown tree. Photographs have been provided showing an overgrown tree nearby. The photographs also show that “stop” is marked on the street in white paint. There are also an unknown number of factors, such as Mr. Sarria’s rate of speed and whether Mr. Sarria had been at that location prior to the date of the incident.

Cases such as this typically turn on whether the City’s street and tree maintenance policies were reasonable. There are no facts in the claim to indicate the policies were not adequate.

FINANCIAL IMPACT

Twelve Thousand Two Hundred Three dollars and Eight Seven Cents ( $12,223.87).

RECOMMENDATION

Staff recommends that this claim be denied.

I certify that this report accurately reflects all pooled investments and is in conformity with the investment policy statement adopted by the City Council on July 24, 2007. (Gov Code 53646(b)(3)) The quarterly investment report must state the ability of the Agency to meet its expenditure requirements for the next six months or provide an explanation of why sufficient cash funds may or may not be available. The Investment program may not provide sufficient cash flow liquidity to meet six months estimated expenditures. On December 20, 2007 the City received one of its major revenue sources, property tax of over $9 million, in a little over two weeks all $9 million was spent. The influx of this revenue is supposed to at least last until April 20, 2008, when the next major property tax revenue is received. The $1.4 Million reimbursement from the State for highway construction cost is 60 days over due and is depleting the General City cashflow. On January 20, 2008 property tax revenue and the quarterly DMV fee has helped the General City Cashflow. The City is spending more that it receives. The pricing of securities is done by Union Bank of California and interactive Data Services. Moodys Investor Services rates the Manage Pool Accounts AAA.

I certify that this report accurately reflects all pooled investments and is in conformity with the investment policy statement adopted by the City Council on July 24, 2007. (Gov Code 53646(b)(3)) The quarterly investment report must state the ability of the Agency to meet its expenditure requirements for the next six months or provide an explanation of why sufficient cash funds may or may not be available. The investment program may not provide sufficient cash flow liquidity to meet six months estimated expenditures. On December 20, 2007 the City received one of its major revenue sources, property tax of over $9 million, in a little over two weeks all $9 million was spent. The influx of this revenue is supposed to at least last until April 20, 2008, when the next major property tax revenue is received. The $1.5 Million reimbursement from the State for highway construction cost is 60 days over due and is depleting the General City Cashflow. On January 20, 2008 property tax revenue and the quarterly DMV fee has helped the General City Cashflow. The City is spending more that it receives. The pricing of securities is done by Union Bank of California and Interactive Data Services. Moodys Investor Services rates the Manage Pool Accounts AAA.

FROM: CITY ATTORNEY

RE: AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COMPTON AMENDING CHAPTER 8 OF THE COMPTON MUNICIPAL CODE BY AMENDING SECTION 8-5 IN ITS ENTIRETY RELATING TO ABANDONED VEHICLE ABATEMENT.

SUMMARY

The City Council will consider adopting an Ordinance amending Chapter 8 of the Compton Municipal Code by revising Section 8-5 relating to the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled or inoperative vehicles on public or private property within the City of Compton, and the recovery of the costs of administration and removal.

BACKGROUND

The general authority of cities to adopt regulations and ordinances is set forth in Article XI, Section 7 of the California Constitution, to wit: "... A ... city may make and enforce within its limits all local, police, sanitary, and other ordinances and regulations not in conflict with general laws." The California Vehicle Code is explicit in its mandate that its provisions are applicable and uniform throughout the state, thus prohibiting any local authority from enacting or enforcing any ordinance on matters covered by the code unless expressly authorized.

California Vehicle Code Sections 22660, et seq. authorizes local agencies (i.e. City of Compton) to adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled or inoperative vehicles or parts therefrom from public or private property. However; and among other requirements; any ordinance adopted by a local agency must provide notice of the abatement to the Department of Motor Vehicles, notice to the owner of the land and the owner of the vehicle of the intention to abate and remove the vehicle as a public nuisance, and the exclusion from abatement procedures vehicles that are completely enclosed within a building or lawfully stored in connection with the business of a licensed dismantler, vehicle dealer or junkyard.
STATEMENT OF ISSUE

The City’s current Abandoned Vehicle Abatement Ordinance (i.e. Compton Municipal Code §8-5) was adopted in July 1973, more than 35 years ago. Since that time various amendments to applicable State laws have been adopted, thus, causing our current ordinance to be antiquated in various aspects.

Some of the features of this proposed Ordinance amending the current Abandoned Vehicle Abatement code provisions are:

- **Limits the period of time within which an abandoned, wrecked, dismantled or inoperative vehicle may be on property.** This proposed Ordinance makes it unlawful and a misdemeanor for any person to abandon, park, store, leave or permit any abandoned, wrecked, dismantled or inoperative vehicle on private or public property for a period of 72 hours or more, unless such vehicle is completely enclosed within a building or stored in connection with the business of a licensed dismantler, vehicle dealer or junkyard. This reduces the time limitations in the current code provision of 30 days or more.

- **Simple, informal administrative hearings.** Provides for an informal administrative hearing procedure utilizing a hearing officer to provide an owner/appellant with the opportunity to be heard and the issues resolved in an expeditious manner. The current Code provisions require that appeals be heard by the City’s Housing Advisory and Appeals Board (a body that is, and has been for a number of years, non-operational), whose decision can be further appealed to the City Council.

- **Immediate removal of vehicles that present an immediate threat or hazard to public health, safety and welfare.** Under certain specified conditions, an inoperable vehicle valued at less than $200.00, which presents an immediate threat to public safety or health, may be abated without notice and hearing. Also, vehicles on public streets and right-of-ways that are immobile and lack an engine, transmission, wheels, tires, doors or windshield may be abated immediately.

FISCAL IMPACT

Pursuant to the authority granted by the Vehicle Code, the Ordinance allows for assessment of costs as compensation for administration and removal of such vehicle public nuisances when voluntary compliance is not obtained.
RECOMMENDATION

Staff recommends that the City Council adopt the attached Ordinance, which will amend Chapter 8 of the Compton Municipal Code by amending Section 8-5, to update and modernize the City’s Abandoned Vehicle Abatement Ordinance.

CRAIG J. CORNWELL
CITY ATTORNEY

CHARLES EVANS
CITY MANAGER
ORDINANCE NO. _________

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF COMPTON
AMENDING CHAPTER 8 OF THE COMPTON MUNICIPAL CODE BY
AMENDING SECTION 8-5 IN ITS ENTIRETY RELATING TO ABANDONED
VEHICLE ABATEMENT.

WHEREAS, the City of Compton is authorized by Article XI, Section 7 of the California Constitution to make and enforce within its limits all local, police, sanitary and other ordinances and regulations not in conflict with general laws; and

WHEREAS, Sections 22660, et seq., of the California Vehicle Code authorizes a city to adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled or inoperative vehicles from private or public property, and for the recovery of costs of administration and removal.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COMPTON DOES HEREBY ORDAIN AS FOLLOWS:

Section 1. That Section 8-5 (Abandoned Vehicle Abatement) of Chapter 8 of the Compton Municipal Code is hereby amended in its entirety to read as follows:

8-5 ABANDONED VEHICLE ABATEMENT.

8-5.1 Findings. In addition to and in accordance with the determination made and the authority granted by the State under Section 22660 of the California Vehicle Code to remove abandoned, wrecked, dismantled or inoperative vehicles, or parts thereof, as public nuisances, the City Council hereby makes the following findings and declarations:

The accumulation and storage of abandoned, wrecked, dismantled or inoperative vehicles, or parts thereof, on private or public property, including highways, is hereby found to create a condition tending to reduce the value of private property, to promote blight and deterioration, to invite plundering, to create fire hazards, to constitute an attractive nuisance, creating a hazard to the health and safety of minors, to create a harborage for rodents and insects, and to be injurious to the health, safety and general welfare. Therefore, the presence of an abandoned, wrecked, dismantled or inoperative vehicle, or parts thereof, on private or public property, including highways, except as expressly hereinafter permitted, is hereby declared to constitute a public nuisance which may be abated as such in accordance with the provisions of this chapter.

8-5.2 Definitions as used in this chapter.

b. “Hearing Officer” means the person designated by the City Manager to hear and act on requests for hearing on public nuisances as herein defined.

c. “Highway” means a way or place of whatever nature, publicly maintained and open to use of the public for purposes of vehicular travel. Highway includes street.
e. “Owner of the land” means the owner of the land on which the vehicle, or parts thereof, is located, as shown on the last equalized assessment roll.

In the enforcement of this chapter, such official(s) and his/her deputies may enter upon private or public property, including a highway, to examine a vehicle, or parts thereof, or obtain information as to the identity of a vehicle, or parts thereof, and to remove or cause the removal of a vehicle, or parts thereof, declared to be a nuisance pursuant to this chapter.

b. 8-5.8 Vehicles valued less than $200.00. No notice of intention or hearing shall be required for removal of a vehicle, or parts thereof, which is inoperable due to the absence of a motor, transmission or wheels and incapable of being towed, and is valued at less than $200.00 by the designated official(s), and is determined to be a public nuisance presenting an immediate threat to public health or safety, provided that the following conditions are met:

a. The owner of the land on which the vehicle, or parts thereof, is located has signed a release authorizing the removal of the vehicle, or parts thereof, and waiving further interest in the same;

b. Said inoperative vehicle, or parts thereof, is located on a parcel of land that is zoned for agricultural use or not improved with residential structures containing one or more dwelling units; and
c. Prior to final disposition of such a low value vehicle, or parts thereof, for which evidence of registration has been recovered, the abatement officers shall provide notice to the registered and legal owner(s) of intent to dispose of the vehicle, or parts thereof, and that if the vehicle, or parts thereof, is not claimed and removed within twelve (12) days after the notice is mailed, from the location specified in the notice, final disposition may proceed.

8-5.9 Public Hearing; Notification Requirements.

1. Abatement and removal of the vehicle, or parts thereof, as an abandoned, wrecked, dismantled or inoperative vehicle; and
2. The assessment of the administrative costs and the cost of removal of the vehicle, or parts thereof, against the property on which it is located. If the owner of the land submits a sworn written statement denying responsibility for the presence of the vehicle on his/her land within such ten (10) day period, said statement shall be construed as a request for a hearing which does not require his/her presence.

b. Notice of the time and place of the hearing shall be mailed, by registered or certified mail, at least ten (10) days before the hearing to the owner of the land and, if the ownership of the vehicle can be determined, to the owner of the vehicle.

c. If a request for hearing is not received within the ten (10) days after mailing of the notices of intention to abate and remove, the City shall have the authority, without holding a public hearing, to abate and remove the vehicle, or parts thereof, as a public nuisance and assess the costs of removal and administrative costs against the property on which the vehicle, or parts thereof, is located.

8-5.10 Public Hearing; Procedure.

a. All hearings under this chapter shall be held before the Hearing Officer, who shall hear all facts and testimony deemed pertinent. Said facts and testimony may include testimony on the condition of the vehicle, or parts thereof, and the circumstances concerning its location on the said private or public property. The Hearing Officer shall not be limited by the technical rules of evidence. The owner of the land on which the vehicle is located and/or the owner of the vehicle may appear in person at the hearing or present a sworn written statement in time for consideration at the hearing denying responsibility for the presence of the vehicle on the land, including the reasons therefore.

b. The Hearing Officer may impose such conditions and take such other action as he/she deems appropriate under the circumstances to carry out the purpose of this chapter. The Hearing Officer may delay the time for removal of the vehicle, or parts thereof, if, in his/her opinion, the circumstances justify it. At the conclusion of the public hearing, the Hearing Officer may find that a vehicle, or parts thereof, has been abandoned, wrecked, dismantled or inoperative on private or public property, and order the same removed from the property as a public nuisance and disposed of as hereinafter provided and determine whether the administrative costs and the cost of removal should be charged against the owner of the land. The order requiring removal shall include a description of the vehicle, or parts thereof, and the correct identification number and license of the vehicle, if available at the site.
c. If it is determined at the hearing that the vehicle was placed on the land without the consent of the owner of the land and that the land owner has not subsequently acquiesced to its presence, the administrative costs and the cost of removal of the vehicle shall not be assessed against the property upon which the vehicle is located or otherwise collected from the landowner, but shall be collected from the registered owner of the vehicle, if possible, or shall be borne by the City. The decision of the Hearing Officer shall be final.

d. If the owner of the land or the vehicle does not appear at the hearing, or if an interested party makes a sworn written statement or other written presentation, but does not appear at the hearing, he/she shall be notified in writing of the decision.

a. Unless additional time for removal is granted pursuant to the provisions of this chapter, five (5) days after a adoption of the order declaring the vehicle, or parts thereof, to be a public nuisance, or five (5) days from the date of mailing the notice of the decision, if notice is required by the provisions of this chapter, the vehicle, or parts thereof, may be disposed of by removal to a scrapyard or automobile dismantler’s yard.

b. Where a vehicle, or parts thereof, is removed by a City employee, other than a peace officer or employee of a Sheriff’s Department, the City employee designated to remove the vehicle may do so only after he/she has mailed or personally delivered a written report identifying the vehicle and its location to the office of the Department of the California Highway Patrol located nearest to the vehicle.

c. After a vehicle has been removed, it shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates, pursuant to Section 5004 of the California Vehicle Code, in which case the vehicle may be reconstructed or made operable.

d. Motor vehicles which are parked, resting or otherwise immobilized on any highway or public right-of-way and which lacks an engine, transmission, wheels, tires, doors, windshield or any other part or equipment necessary to operate safely on the highways of this state, are hereby declared a hazard to public health, safety and welfare and may be removed immediately upon discovery by a designated enforcement official of the City.

8-5.12 Removal; Notice to State. Within five (5) days after the date of removal of the vehicle, or parts thereof, notice shall be given to the Department of Motor Vehicles identifying the vehicle, or parts thereof, removed. At the same time there shall be transmitted to the Department of Motor Vehicles any evidence of registration available, including, but not limited to registration cards, certificates of ownership and license plates.

8-5.13 Assessment of Costs. If the administrative costs and costs of removal which are charged against the owner of a parcel of land pursuant to the provisions of this chapter are not paid within thirty (30) days from the date of the order, or the final disposition of an appeal therefrom, such costs shall be assessed against the parcel of land pursuant to the provisions of Section 38773.5 of the California Government Code and shall be transmitted to the Tax Collector for collection. SUMMARY
Staff would like Council to consider approving the City’s proposed substantial amendment to the FY 2008-09 Annual Action Plan of the Consolidated Plan.

BACKGROUND
On March 19, 2009, the U.S. Department of Housing and Urban Development (HUD) posted a notice of Homelessness Prevention and Rapid Re-Housing Program (HPRP) funding availability. HPRP is authorized under Title XII of the American Recovery and Reinvestment Act of 2009 (“Recovery Act”) and is designed to provide financial assistance and services to either prevent individuals and families from becoming homeless or help those who are experiencing homelessness to be quickly re-housed and stabilized. The City of Compton received a funding allocation of $848,514 for this purpose.

The City is proposing a substantial amendment to its FY 2008-09 Annual Action Plan in order to incorporate these new funds. The HPRP funding allocation would be used to implement the following program activities.

**Financial Assistance ($460,440)** – The payment of rental assistance (up to 18 months); the payment of security and utility deposits; the payment of utility costs; and/or the payment of moving costs. The initial budget for the expenditure of HPRP funds for financial assistance is $460,440. Funds shall assist eligible local households (50% of adjusted median income and below).

**Housing Relocation and Stabilization Services ($305,345)** – The payment of the City’s cost for case management and outreach. The initial budget for the expenditure of HPRP funds for case management services is $305,345. Funds shall be utilized to pay for the arrangement, coordination, monitoring, and delivery of services to the program participants.
Data Collection ($40,304) – The payment of costs for data collection and evaluation associated with operating a HUD-approved Homeless Management Information System (HMIS). The HMIS will collect unduplicated counts of homeless persons and analyze patterns of the use of HPRP funds, as required by HUD. The initial budget for the expenditure of HPRP funds for data collection is $40,304.

Administration ($42,425) – The HPRP allows for 5 percent of the grant allocation ($42,425) to be used for grant administration. Administration includes, but is not limited to, the following activities:

- Preparation of quarterly reports
- Preparation of annual reports
- Monitoring of the subgrantee (Local Housing Authority)
- Preparation of the Substantial Amendment
- Financial management/drawdown of funds
- Accounting for the use of grant funds
- Obtaining program audits
- Staff training
- Ensuring public participation

The City has followed HUD’s regulations for an HPRP substantial amendment. A draft copy of the amendment was posted on the City’s website beginning April 16, 2009 and a copy was made available for public viewing in the following locations: Local Housing Authority, Planning and Economic Development Department, Office of the Mayor, Office of the City Clerk, Compton Unified School District, Compton Careerlink Work Source Center, and El Camino College-Compton Community Educational Center. Citizens were given until April 27, 2009 to provide written comments.

FISCAL IMPACT
The Planning and Economic Development Department and Local Housing Authority’s FY 2008-09 Budgets would increase by a combined total of $848,514. The revenue and expenditures would be appropriated as follows:

SUBJECT: A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON DECLARING THE PROPERTY LOCATED AT 1050 W. ALONDRA BOULEVARD A PUBLIC NUISANCE AND AUTHORIZES ITS ABATEMENT

SUMMARY

The property owners of 1050 West Alondra Boulevard have failed to maintain the property in compliance with the Compton Municipal Code as well as the California Building Code. There is now a need for further emphasis on the maintenance of this property because conditions hereafter describe have been identified despite the City’s efforts to provide the property owners multiple opportunities to repair or demolish the building.

All property owners and persons having legal interest in the property were notified several times of existing violations that needed to be abated and to date there has been neither a response nor an attempt to comply by any interested party to bring the property into compliance by either repair or demolition.

On April 14, 2009, the City Council held a duly noticed hearing regarding its intent to demolish the substandard structure located at 1050 West Alondra Boulevard, pursuant to Compton Municipal Code Section 14.3.2a7 (8), (11), (12), (16) and (17).

City Council members heard testimony and received demonstrative evidence regarding the lack of maintenance, property abandonment, the dilapidated building/structure, deterioration and decay of the structure, instances of blight as well as host of activities such as illegal housing to transients and vermin which pose a danger to the health, welfare and safety of citizens of Compton. As a result, City Council members found that the subject property conditions constitute a structure that is dilapidated unsafe, dangerous, unsanitary, and are a menace to the life, limb, health, morals, property, safety
and general welfare of the people of the City of Compton and that because of the excessive cost of repair, the structure must be demolished.

The abatement by demolition of this building will enhance the appearance and value of such property rather than be a burden on the owners and the abatement of such conditions will also appreciate the values and appearance of neighboring properties and benefit use and enjoinment of properties in the general area and will improve the general welfare and image of the City. The abatement procedures by demolition set forth in this ordinance are reasonable and afford a maximum of due process and procedural guarantees.

FISCAL IMPACT

The cost of demolition and removal plus administration fees will be assessed and recorded as a lien against the property pursuant to Compton Municipal Code Sections 14-3.27 and 14-3.28.

CONCLUSION

Staff requests that the City Council adopt the attached resolution.

CITY ATTORNEY

CITY MANAGER
RESOLUTION NO. __________

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF COMPTON DECLARING THE PROPERTY LOCATED AT 1050 W. ALONDRA BOULEVARD A PUBLIC NUISANCE AND AUTHORIZES ITS ABATEMENT

Findings and Determinations

City Council finds and determines as follows:

WHEREAS, the property values and the general welfare of this community are founded, in part, upon the appearance and maintenance of properties;

WHEREAS, the property owners of 1050 West Alondra Boulevard have failed to maintain the property in compliance with the Compton Municipal Code as well as the California Building Code such that there now appears a need for further emphasis on the maintenance of this particular premise because certain conditions hereafter described, have been identified despite efforts from the City providing the property owners of 1050 West Alondra Boulevard multiple opportunities to repair or demolish the building located on said property; and

WHEREAS, all property owners and persons having legal interest in the property were notified several times of existing violations that needed to be abated and to date there has been neither a response nor an attempt to comply by any interested party to bring the property into compliance by either repair or demolition; and

WHEREAS, on April 14, 2009, the City Council held a duly noticed hearing regarding its intent to demolish the substandard structure located at 1050 West Alondra Boulevard, pursuant to Compton Municipal Code Section 14-3.2a7, (8), (11), (12), (16) and (17); and

WHEREAS, City Council members heard and received testimonial and demonstrative evidence without objection from City staff and residents of the community regarding allegations of the lack of maintenance, property abandonment, the dilapidated building/structure, deterioration and decay of the structure, instances of blight as well as hosts of activities such as illegal housing to transients and vermin which pose a danger to the health, welfare and safety of the citizens of Compton; and

WHEREAS, the existence of these conditions is injurious and inimical to the public health, safety and welfare of residents of this City and contributes substantially and increasingly to the necessity for expenditures for protection against hazards and diminution of property values, prevention of crime and the preservation of public health, safety and welfare and maintenance of police, fire and accident protection. These problems are becoming increasingly direct and substantial in significance and effect and the uses and abuses of the property reasonably relate to the proper exercise of the police power in the protection of health, safety and welfare of public; and

WHEREAS, considering all testimony and documentation presented during the course of the hearing, City Council members did find based on actions of City staff and testimonial evidence by City residents that the subject property conditions constitute a structure that is dilapidated, unsafe, dangerous, unsanitary, and are a menace to the life, limb, health, morals, property, safety and general welfare of the people of the City of Compton and that because of the excessive cost to repair, the structure must be demolished; and
WHEREAS, unless the corrective measure of demolition is undertaken to alleviate this existing condition and particularly to avoid future problems in this regard, the public health, safety and general welfare and specifically the property values and social and economic standards of the community will be depreciated. The abatement by demolition of this building will enhance the appearance and value of such property rather than be a burden on the owners and the abatement of such conditions will also appreciate the values and appearance of neighboring properties and benefit use and enjoyment of properties in the general area and will improve the general welfare and image of the City. The abatement procedures by demolition set forth in this ordinance are reasonable and afford a maximum of due process and procedural guarantees.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF COMPTON RESOLVES AS FOLLOWS:

Section 1. That City Council declares that the structure/building located at 1050 West Alondra Boulevard is a public nuisance.

Section 2. That due to the excessive cost of repair, demolition of the illegal structure is a reasonable method of abatement under the totality of the circumstances.

Section 3. That the City of Compton or its designee is authorized, by forcible entry if necessary, to demolish the building/structure located at 1050 West Alondra Boulevard.

Section 4. That the demolition of the structure at 1050 West Alondra Boulevard shall occur during business hours and be completed within fourteen (14) days from the adoption of this resolution.

Section 5. That a certified copy of this Resolution shall be filed in the offices of the City Clerk, City Attorney, M.L.E.S., Building and Safety, the Compton Station of the Los Angeles County Sheriff’s Department, and mailed to the business owner(s).

Section 6. That the Mayor shall sign and City Clerk attest to the adoption of this Resolution.
