CITY OF COMPTON LAUNCHES NEW WEBSITE

--Newly Designed www.ComptonCity.org Gives the City a Digital Facelift --

Compton, CA – At 12:00noon Pacific Time the City of Compton will launch a new website at www.comptoncity.org. The site includes a new layout and design as well as several features aimed at making it easier for users to access events and initiatives for residents, government services, and information. Compton’s Mayor, Aja Brown will also launch a monthly Vision for Compton mayors’ newsletter.

The City’s new site offers a more functional and responsive design, which means the site is resizable for any screen, including any mobile device for mobile web users. The City’s site also features more photos and videos throughout its pages.

Located at www.ComptonCity.org the website is a portal site to which all City of Compton websites can be linked, while still communicating City of Compton messaging in an exciting and engaging way that tailors to its key audiences. The site will provide residents with up-to-date information in an easy to find format, and they want access to City services while at home or work.

“The new website is an important tool in our efforts to better engage the wider community. We are constantly working to improve access and delivery of City services, and this new website is a big step in the direction of enhancing communications between city government and residents, visitors, businesses.” said Mayor Aja Brown.

Some of the new website services include:

- A new content management system tool
- Responsive design for mobile friendly browsing
- Online access to public records for City Council and boards and commissions
- Open data resources in a central place
- Up to date Press Releases

Civica Software was founded by a team of web technologists and a city council member from Southern California, who were inspired to launch innovative online solutions for local government. Headquartered in San Diego, California, Civica has launched over 300 projects across 125 agencies nationwide and is a pioneering force within the eGov industry.

About the City of Compton - The City of Compton, California covers approximately 10.2 square miles in Los Angeles County, California situated south of downtown Los Angeles. With a current population of almost 100,000 citizens, Compton is known as the “Hub City” because of its unique position in almost the exact geographical center of Los Angeles County, Compton is strategically located along the Alameda Corridor, a passageway of 25 percent of all U.S. waterborne international trade. Compton is rapidly emerging as a large industrial center in Los Angeles County for transit and distribution, business services, high technology, home and lifestyle products, metals, financial services, and textile manufacturing.
