

**CITY OF COMPTON
PUBLIC WORKS DEPARTMENT
STREET MAINTENANCE DIVISION**

**REQUEST FOR PROPOSAL
CITY OF COMPTON TREE MAINTENANCE SERVICES**

INTRODUCTION

The City of Compton is a great place to live, work, and raise a family. It is home to almost 100,000 citizens. Known as the “Hub City” because of its unique position in almost the exact geographical center of Los Angeles County. Compton is strategically located along the Alameda Corridor, a passageway of 25 percent of all U.S. waterborne international trade. Compton is rapidly emerging as a large industrial center in Los Angeles County for transit and distribution, business services, high technology, home and lifestyle products, metal, financial services, and textile manufacturing. This is an exciting time for Compton. The City is developing a wide range of economic and cultural opportunities that will help to make Compton a prime destination for residents and businesses.

The City of Compton is seeking proposals from qualified firms for tree maintenance services. This project involves the maintenance of those specified trees at various locations throughout the City of Compton.

The City is seeking qualified firms to provide annual maintenance of trees as part of the City of Compton’s urban forestry. Firms will provide the cost for tree trimming, removal, recommended schedule planting, clean-up/disposal, root pruning/root barrier, tree inventory by species, tree care, and emergency on-call services citywide. The City intends to trim trees throughout the entire City within 4 years. This equates to approximately 5,000 trees being trimmed per year (approximately 20,000 trees total).

Proposals will be received in the office of the City Clerk, City of Compton, 205 South Willowbrook Avenue, Compton, California, 90220 at 205 South Willowbrook Avenue, Compton, CA 90220, until 5:00 p.m. on Thursday, September 17, 2020.
