

ARGUMENT AGAINST MEASURE P

SAY NO!! TO COMPTON 1 PERCENT SALES TAX 2016

Please do not be mislead, this tax is to pay for bonds the Mayor and City Council are trying to sell.

This tax is forever.

Target, Home Depot, Burlington Coat Factory, Fallas, Marshalls, Best Buy, Staples, AT&T, Verizon, Fridays, StarBucks, Papa Johns, Burger King will be the first to feel this new tax by a drop in sales, as Compton citizens who can shop in other cities will do so to save money. All of which could lead to lay-offs of Compton citizens working in those business. What happens to the propose Wal-Mart at the old swap meet site and all of its jobs, remember Kmart.

This tax is no different than the water tax, only this time; we have time to stop this tax. The Mayor and City Council who passed the Water Tax are no longer in office and we still have about 25 years to pay. This Mayor and City Council will be long gone and our grand kids and great grand kids to be born will be paying this sales tax.

This Mayor and City Council cannot manage the 58 million dollar budget they have now, just look at our streets and basic services. These people should be demanding that State and Federal agencies give us money due our city for public safety, street repair and parks and recreation/senior programs and get out of our pockets. Let's stop them from exploiting us, VOTE NO.
